

BRIEF NOTES.

Franklin Baseball Club defeated Excelsior Home Company on Saturday.

Mr. Fred Mohrman, of Fairview, is absent on a two weeks' vacation.

Rev. W. G. Farrington of Christ Church, is homeward bound from Europe.

Rev. George A. Paul, of Westminster Church, is spending his vacation at Lake George.

Rev. Dr. Lockwood preached in the M. E. Church last Sabbath, at both services.

A daughter of Mr. and Mrs. Henry Lewis (colored) died on Wednesday, aged three years.

Dillon, Lyle and Wilson's Minstrels will give an entertainment at Union Hall on Tuesday night.

The next district meeting of the Independent Order of Odd Fellows' Lodge will be held in Bloomfield.

The veteran conductor, Chas. Corby, has resumed his duties after a long retirement on account of illness.

Officers Harvey and Baldwin have received Messrs. Smith and Cadmus of Saturday night and Sunday duty.

Rev. Dr. Lockwood has been supplying the pulpit of the Caldwell Presbyterian Church during the pastor's vacation.

The meeting at Spragg's Pavilion next Monday night will be addressed by Fred S. Stevens, the converted actor. Everybody welcome.

Brookdale people desire the extension of the Street Railway to that place. This would undoubtedly prove beneficial to Bloomfield merchants.

A portion of the ceiling fell in one of the classrooms of the High School yesterday. Fortunately no one was in the building at the time.

Attention is called to a communication found on the first page of a well-known citizen. It touches on topics of general interest to the people.

Pierston Post Five and Drum Corps have moved their headquarters from Liberty Hall to the room over Dodd's express office on Glenwood avenue.

A large number of the friends of Mr. and Mrs. J. A. Peloubet gathered at their residence on Monday night to witness the flowering of a little blooming cactus.

Widow Gottschalk commends the Manhattan Life Insurance Company of New York City for the very prompt and satisfactory settlement of the insurance on the life of her husband.

One of the Maple Lane dairy wagons was run into by a runaway rig in Montclair on Wednesday. A number of milk bottles were smashed and a large quantity of milk lost.

Rev. H. W. Ballantine is absent on his vacation, which he is spending in the White Mountains. Rev. Dr. Eldridge is supplying the pulpit of the First Presbyterian Church.

The new township law was a topic of discussion at the last meeting of the Fairview Improvement Association. The comments made were highly favorable to its adoption.

Mr. Francis M. Eppley announces that an ornamental fountain has been purchased from J. W. Fisk & Co., of New York and will soon be ready for erection at the Centre.

The Township Committee met on Tuesday night. The only business transacted was the revision of the tax presented by Assessor Baxter. A few unimportant changes were made in the list as originally made out by Mr. Baxter.

Contractor Chas. E. McDowell lost a valuable horse last Sunday. The animal got loose in the stable and was unspurred from a sack of oats. Shortly afterwards it was allowed to drink freely of water. Colic set in and the horse died.

Miss Mullen, the young lady who committed suicide by drowning at Asbury Park last week, was a daughter of Edward Mullen, a former resident of Bloomfield. The young lady frequently visited her Bloomfield friends.

The Episcopal school house on Liberty street is to be opened next month as a kindergarten by Miss Hauser from Montclair. She is a Swiss lady and began the school at the solicitation of one or two Bloomfield ladies. See advertisement for fuller information.

Engine No. 142, a facsimile of No. 11, has been received from the Dickinson shops at Scranton by the D. L. & W. R. R. Company. These engines will be used for passenger traffic on the Morris & Essex Division. They are very speedy machines, each having run a mile in a minute.

The funeral of Mrs. Elias S. Osborn was held at her late residence on Montgomery street on last Monday afternoon. Rev. Charles A. Cook, of the Baptist Church, conducted the services, and Rev. Wm. F. Stubbart, formerly pastor of the church, also took part in the same.

A two year old girl in the family of Mr. and Mrs. Charles Sincora, residing at the Betck Road on Franklin street, fell from the second story window on Wednesday. The parents ran down stairs expecting to find the little one fatally injured. Much to their surprise and joy she was comparatively unhurt. Her escape was miraculous.

Two Bloomfield men narrowly escaped drowning at Pine Brook on Wednesday from fishing on the river in a leaky boat. The river was greatly swollen owing to the heavy rain of the day previous. They were rescued by a boatman living near the river just as their own craft was on the point of sinking.

Two Bloomfield ladies who refused to give their names, were thrown from a carriage in Belleville on Wednesday by their horse running away. One of them was badly bruised and internally injured. Her companion was not hurt. A gentleman named Lily Simpson captured the runaway horse and assisted the injured lady into the carriage.

A Brookdale farmer named Carson, was knocked down by highwaymen and robbed while on his way home from Orange last Friday night. His pocket-book containing money and valuable papers was taken from him. The thieves followed him from a meat market in Orange where they had seen him exhibit some honey.

Burglars entered the barn of George H. Thomas, a resident of Bay Avenue, and stole a quantity of oats. Mr. Thomas accused Samuel Armstrong of being

implicated in the robbery and a warrant was issued for his arrest. Armstrong was taken before Justice Hall and committed him to jail to await trial. A warrant was taken out and several canal boats at the Plane searched, but no trace of the stolen goods was obtained.

Mrs. Mulligan and Mrs. Glennon, residents of Glen Ridge avenue, Montclair, had an altercation last week. The case was brought before Justice Morris, of that town, and Mrs. Glennon was put under bonds to keep the peace. Mrs. Glennon thinks that an injustice was done here and has brought the case to Bloomfield. She got out a warrant for Mulligan's arrest, and the case was tried before Justice Hall on Friday night.

Oscar Griffith and Thomas Oliver, two boys recently employed in the Combination Roll & Rubber works, brought suit against the Company. Monday to recover one week's wages (amounting to three and four dollars respectively) alleged to be due them. The Company's defence was that the boys had quit work abruptly without giving the required notice which according to their rules is one week. The case was decided to be beyond the jurisdiction of the Justice's court.

Glen Ridge Notes.

Mr. A. R. Brewer and family have returned home.

Clark street is receiving a little attention from the Road Committee.

Mr. Robert S. Budd and family are expected home to-day.

Improvements are being made to the grounds around the Glen Ridge depot.

Mr. Hardy of New York, has taken Mr. Edward Oakes' house on Lincoln St.

Mr. James C. Merriwell and family have returned home.

Glen Ridge folks who have been absent on summer pleasure trips are rapidly returning home.

Tommy Finerty fell from the railroad bridge at Glen Ridge last Sunday and broke his thigh, also cut his head in a shocking manner.

The Rev. Frank Goodwin will preach at the Glen Ridge Congregational Church on Sunday next, morning and evening, and regularly thereafter.

One of Mr. Gallagher's houses is being moved from Clark street to a new foundation on Hillside avenue. A new house will be erected on the old foundation.

A trunk and valises belonging to a Glen Ridge family were left off at the Watessing station by mistake last week. The express agents were actively engaged hunting up the missing articles.

Station Agent Moritz of Glen Ridge, has been instructed to offer a reward of \$25 for evidence leading to the detection of the miscreants who stoned the cars recently.

An annoyance of a dangerous nature was reported at the general office of the D. L. & W. R. R. on Monday. The complaint was that mischievous boys make a practice of throwing stones on the roof of the passenger cars as they pass through the cut near Moffat's pond. The Company will detail a man to try and capture the miscreants, and an example will be made of a few of them which it is thought will have a wholesome effect on the balance of the crowd.

Watessing.

Miss Maggie Murphy has gone to Mauch Chunk, Pa., for a few weeks.

Rev. Elbert Clement has returned from his sojourn at Rockland Lake.

St. Paul's P. E. Church will remain closed during the absence of Rev. J. P. Faucon.

An infant child in the family of Mr. Edwards of Myrtle street, died on Wednesday evening.

During the storm Tuesday night the chimney of the parsonage was badly damaged.

Richard Hayhurst is having a flagstone sidewalk laid around his residence on Dodd street.

The Cross-town Line, it is said, will run a spur from the corner of Dodd and Prospect street to the Watessing station.

The alarm gong at the Prospect station House has been removed from the inside to the outside of the building. This will afford great satisfaction to the men.

Watessing people are boasting that they have got ahead of East Orange at last. They have got a flagstone walk on Dodd street, while their neighbors are content with a rickety ship-breaking board walk.

Miss Mary Wilde met with a singular accident on Thursday morning while walking along the railroad track between Bloomfield and Watessing. A spark from a passing locomotive set fire to her clothing.

A petition signed by forty-two property owners has been received by the officers of the D. L. & W. R. R., asking them to erect a depot between Watessing and Rossville, at Grove street crossing. The request will be complied with.

The absence of ministers put Mr. John Kaufman to great inconvenience on the occasion of the death of a child in his family last week. After making several calls he fortunately found Rev. Cook of the Baptist Church at home and secured his services.

Mr. Francis Law and his daughter, Miss Jennie Law, Rev. J. H. Egbert, Miss Rose Egbert, Mr. Andrew Ellor, Mr. William Bowker, Mr. Thomas Albionson and Mr. George Ellor, who have been absent in Europe since July 5th, returned home by the State Line Steamer Nebraska on Tuesday. They expressed themselves as glad to get back and enjoy American sunshine again, almost constant rainy weather having prevailed in the countries visited by them.

A Deranged Young Woman.

Mary Hayes, a well dressed woman of prepossessing appearance and apparently about twenty-five years of age, made her appearance in Bloomfield on Friday afternoon inquiring for a Mr. Crane whom she said was employed by a hardware merchant named Booth. On being informed that there was no hardware merchant of that name in Bloomfield, she wandered aimlessly about the streets all afternoon making no attempt to seek shelter from the rain which came down in torrents. When the 6.15 train east on the D. L. & W. R. R. came along she was

on the track and took no notice of the repeated warnings to get off. The engineer had to stop his train. It was evident that the woman was insane. An officer was sent for and on seeing him approach the woman seized a stone and defiantly threatened him. She replied, "Orange. He offered to show her the way if she would accompany him and she willingly complied. She was put on the right road to Orange. When she got there her strange actions alarmed the people and they sent for the police. They found the woman sitting on the steps of the German Catholic Church on the corner of Henry and Cone streets.

At the sight of the police she began to scream loudly and struggled violently on the road to the station house. She was sent to Memorial Hospital. Nothing could be done for her at that institution and on Saturday she was conveyed to the County Insane Asylum. It is said she has a brother in Yonkers, N. Y., who is well-to-do. Word has been sent to him.

Dunlop-Luke.

Mr. George J. Dunlop and Miss Hatie W. Luke, both of Glen Ridge, were united in marriage at the house of Mr. Richard Jones, the bride's uncle on Thursday of this week, at six in the evening. The ceremony was private, no one but the families and a few guests were present. There was a very pretty array of gifts from the numerous friends of the parties, and the house was beautifully decorated. Miss Jones acted as maid of honor, and Mr. Henry B. Sheldon, Jr., of this town, were the bridesmaids. Rev. Charles Scadding of New York, officiated. After the ceremony the couple started on a trip to Canada.

A Good Move.

The Meetings that have been started in Spragg's Pavilion on Monday evenings, seem to have come to stay, for as the weeks go by we notice that the attendance and interest does not abate. Those having the work in charge seem determined to make the meetings attractive and profitable to all classes of people, both young and old. A most hearty welcome is extended to everybody no matter what their dress, color or condition, and the people are beginning to feel quite at home in the Pavilion. Considerable expense has been incurred putting in gas, seats, platform organ etc., but the meetings are as free to the people as the air they breathe. Last Monday evening the Pavilion was well filled and was addressed by John McCormack, the sailors' missionary of New York City.

The Leader announced that on Monday evening, Sept. 3d, Captain Nickols, the old Erie canal boatman, would be present and speak. Also that on Sept. 17th, Edgerton Ryerson Young of Canada, a returned missionary from the wild north west (among the Indians) would be present and deliver a lecture on his wonderful adventures and experiences in that wild country. These meetings, attracting and reaching as they do, very many of our own townspeople who do not ordinarily attend the church services, are worthy of the support and sympathy of those who desire to see the cause of morality advanced in Bloomfield.

Bad Boys in Bloomfield.

Three cases of hoodlumism are reported in our columns this week. The stoning of the railway trains at Glen Ridge, the disturbing of the Gospel meeting in Spragg's Pavilion, and the tormenting of an old man at the Watessing depot. The outrages occurring as they did in various parts of the town make it appear as if Bloomfield was prolific of bad boys. There is in every town and village an element that requires constant vigilance on the part of the authorities. It is from this class of the community that the ranks of the older criminals are recruited, and tolerance of their minor exploits only emboldens them to more lawless deeds. They eventually become a terror to the neighborhood, inflicted with them. Unfortunately, for the cause of law and order, when an attempt is made to stamp out the nuisance in a town like Bloomfield, the task becomes very unpleasant for the police. Many arrests must necessarily be made of boys whose parents are deeply mortified to find their children among the culprits and earnest pleadings are brought to bear upon the officers, and to have a youthful member of it arrested for some obnoxious deed of roguery, is certainly a deep disgrace. However, the nuisance is attaining such a degree that all sentiment will have to be thrown aside. The police will have to buckle to and make wholesale arrests. The public at large realize the necessity of severe measures and offenders should be treated with the severity which their conduct merits. This is the only safe policy as regards the public good.

Vicinity Items.

Verona is to have a High School, funds having been appropriated for that purpose.

Since the new liquor law went into operation, 300 saloons have gone out of existence in the city of Newark.

Rev. Dr. Henry A. Spellmeyer is spoken of for the presidency of Dickinson College, Carlisle, Pa. This is one of the leading colleges of the Methodist Church.

A force of men are busily engaged constructing the new street that is to run through Franklin Park from Glenwood avenue to Midland avenue.

The annual excursion of the Young Men's Christian Association of Newark and vicinity will take place on the 29th inst. The excursionists will go to Ocean Grove.

Rev. George A. Hall of Montclair, accompanied by his son, sailed to Europe to attend the world's Convention of Young Men's Christian Associations now in session at Stockholm, Sweden. The day after his arrival in Liverpool, his son died. Mr. Hall immediately started for home by return steamer bringing with him the remains of his son.

Rossville Council, No. 992, Royal Arcanum, will go on an excursion to Lake Hopatcong on Wednesday, the 29th inst. Fortunate circumstances place Rossville Council in a favorable position for running an excursion over the D. L. & W. R. R., and we can safely recommend the one of the people of Bloomfield. For time of train and rates of fare see advertisement in another column.

Reprehensible Sport.

Joseph Reese, an elderly man employed in the saddlery hardware factory of Ferguson Bros., at Watessing, has been selected as a victim for vicious sport by the gang of hoodlums who infest the railway depot at that place. Mr. Reese is an eccentric old man in poor health and very excitable, being at one time an inmate of the insane asylum. The young scamps hover around him while on his way home from work and tantalize him beyond endurance. On Monday evening the hoodlums were out in force and indulged in their wicked amusement, carrying it to such an extent that one of them will probably go to jail if his name can be ascertained. As Mr. Reese was stepping on board the 5.58 train to Newark, one of the boldest of the young scoundrels pulled his coat tail with such force that he fell back off the car step just as the conductor had given the signal to start. The train was delayed a moment until the old gentleman got on board. The case is one which is within the power of the railroad company to take action in. They will not allow passengers to be annoyed at their stations and it will go a great deal harder with some of the guilty ones if they happen to fall into the hands of one of the company's detectives than it would be taken by a town constable.

Pavilion Meetings.

There was a good attendance at the Gospel meeting in Spragg's Pavilion on Monday night. Frank Perry, the singing blacksmith, who was announced as an important feature of the meeting, failed to appear. John McCormack, the sailors' missionary, delivered a fervent and interesting address. Both the speaker and the audience were much disturbed by a gang of rascals who gathered around the speaker, and kept up a noisy demonstration. Police protection will have to be called for by the managers of the meetings.

The Gospel Temperance meeting was well attended Sunday afternoon, and was addressed by three gentlemen from Newark. Their manifest zeal in the temperance work quite put to shame those who listened to them. They promised to be present again in three weeks, when it is expected they will have even a larger audience to hear them. These meetings are held every Sunday afternoon at four o'clock and are addressed by prominent temperance workers and returned men. Good singing and no collection.

Campaign Notes.

The Dickerson Battery (Democratic) met for the purpose of organization in Metz's Hall on Tuesday night.

The Joint Cleveland and Thurman Battery of Orange street, was presented with a banner on Wednesday night.

The reorganization of the Dickerson Battery (Democratic) which was to have taken place last Tuesday night was postponed on account of the storm.

The Cleveland and Thurman club delegates to the State Convention, accompanied by a number of friends, left for Trenton on Wednesday morning.

J. Watts Kearney has been elected president of the State League of Democratic Clubs. Bloomfield Democrats returned from Trenton well pleased with the work done there.

Clinton B. Fisk, Prof. A. A. Hopkins of New York, and a number of Michigan and Prof. Sander of Michigan will speak next Wednesday at Woodside Park. The ladies of the W. C. T. U. will furnish lunch and refreshments at a moderate cost.

The Montclair Republican Club raised a handsome campaign banner on Saturday night. Great enthusiasm prevailed. W. B. Baird furnished music. Chandler W. Rorer delivered an address. Montclair will roll up a majority for Harrison and Morton.

A campaign meeting of the Bloomfield Republican Club will be held at David's Hall next Tuesday night. Dr. E. Hewitt will deliver a lecture with and show the importance of the industrial issue in the present campaign. Dr. H. E. Richards will also speak on the tariff. New songs by the Club.

Congressman Benton McMillan, member of the Ways and Means Committee of Congress and one of the framers of the tariff bill, together with other speakers, will address the Democrats of Bloomfield at their ratification meeting on the corner of State and Broadway, Aug. 29th. A thorough discussion of the tariff will be given on that occasion.

There is an apparent apathy in the ranks of the Democratic party, scores of young men with regard to the success of the National Democratic ticket this fall. This lethargy will not be found to exist in the contest for State Assemblymen. The whole energy of the party, backed up by the brewing interests, it is asserted, should be secured to the Democrats in order to effect a repeal of the present temperance legislation.

Baseball Notes.

Rosville vs. Bayonne, at Rosville, Saturday, the 25th inst. The usual trains will stop at the grounds.

The Rosevilles were defeated on Saturday by the U. S. Electric Lights, scores 3 to 2. The Rosevilles did not play with their usual vim. The visitors battled Gages very freely. Catcher Chandler received a severe blow on the chin from the ball, short-stop La Valla had a finger burst and right fielder Eller had his hand badly gashed by the base-jug while sliding to second on a steal.

Wilson, the twirler for the Orange Y. M. C. A. team, proved too much for the Bloomfield team last Saturday. The home club was whitewashed, score 6 to 0. The Bloomfield Club's record is now on an even balance, six games won and six lost. Should the Club continue together another season they will doubtless play good ball.

The announcement that the members of Prospect Hose Company No. 4 of East Orange and Active Hose Company No. 2 of Bloomfield would contest for supremacy on the base ball field drew a large crowd to the Watessing ball ground on Saturday afternoon in anticipation of fun. The spectators were not disappointed. Many brilliant tactical plays were made on both sides. Shrewd maneuvers, such as dropping a fly ball in order to make a double play were frequent. Astonishing hits at their characters were made. Five innings were played, at the end of which the score stood 27-14 in favor of the Active Hose Company, of Newark. The Active Hose Company challenged from the Clark Hose Company of Newark.

Married.

DUNLOP-LUKE.-At Bloomfield, N. J., Thursday, August 23d, by the Rev. Charles Scadding, of St. George's Church, New York, George J. Dunlop and Hatie W. Luke.

A. J. C. C.
PURE JERSEY or ALDERNEY MILK,
IN
GLASS BOTTLES!
PURE JERSEY or ALDERNEY MILK in QUART GLASS BOTTLES will be delivered by me, and the patronage of the public is solicited.
The Milk offered is warranted perfectly pure, and is from imported Jersey Cattle. The Cattle are fed on the BEST of hay and feed, no feed being allowed them that would impair the healthfulness of the Milk.
The stables and cattle are kept in the most perfect manner as to cleanliness and ventilation—a most important factor if healthy milk is desired. As a table article and beverage it recommends itself, showing a large percentage of cream than any other Milk sold. For invalids and children it is recommended by all physicians.
MILK IN GLASS HAS THE FOLLOWING ADVANTAGES:
1st. It is more cleanly not being exposed to odors and contamination, to blowing dust and dirt, to the rain, to the drip and dirt from the reins or hands of the driver.
2d. Its quality may be seen at a glance by the cream at the top, and the color of the milk.
3d. It will keep sweet longer, because in delivering there is no churning (each bottle being filled to the stopper), and the bottles are kept in warm weather until delivered.
4th. Its flavor is better, because the air has no chance to work upon it, and because it is absolutely free from the metallic flavor often noticed in milk transported in tin.
Parties wishing to be served can call at farm in Bloomfield, or send postal to
JOHN F. MAXFIELD, Bloomfield, N. J.
